# THE CASE FOR SPONSORSHIP

The Spina Bifida Association of New York State was originally founded as the Spina Bifida Association of the Albany/Capital District, Inc. in 1993 by a group of local parents of children living with Spina Bifida. The Spina Bifida Association of New York State (SBANYS) is a 501c-3 nonprofit.

**What is Spina Bifida >>** Spina Bifida is a neural tube defect that occurs during fetal development, resulting in a condition similar to a spinal cord injury at birth. Individuals born with Spina Bifida often face a range of health challenges throughout their lives. These challenges are primarily physical, though some individuals may also experience intellectual disabilities. Despite these obstacles, with access to informed healthcare providers and the right support systems, people with Spina Bifida can lead long, fulfilling, and meaningful lives.

**Our mission >>** To build a better and brighter future for all those impacted by Spina Bifida.

**Our vision >>** We envision a world where everyone impacted by Spina Bifida is accepted and thrives.

**Our services >>**

- **Clinical Care:** health related referrals, education outreach and programming, clinic/hospital relationships, projects including maintaining a Doctor Database and distributing Presenting the Diagnosis brochures, case management, referrals, counseling, and systems navigation.
- **Education/Awareness:** distribution of bi-monthly e-news, quarterly newsletter, social media outreach, providing community trainings, direct support professional education, and tabling at community events.
- **Advocacy:** programming and education events around self and systems advocacy, taking action on key legislative issues affecting the disability community, and raising Spina Bifida awareness with the NYS government.
- **Programs:** peer support groups, regional and recreational events, annual conference, employment training program, family camp, peer support network and equipment exchange.

**Our approach and impact >>**

- We take a personalized, comprehensive approach to serving individuals with Spina Bifida. Our work extends beyond the individual—we collaborate closely with families, caregivers, and professionals who support this community.
- Unlike many disability organizations, our services are available to *anyone affected by Spina Bifida, at any stage of life, with no eligibility requirements. All services are provided free of charge, ensuring that support is accessible when and where it's needed most.*
- What sets us apart is that we are the **only Spina Bifida chapter in our state**. Based in the Capital Region, our dedicated team—two full-time and three part-time staff—has been working since 2022 to expand our reach across New York State, growing our impact and advancing our mission every day.

# Unique Event Benefits

## Walk-N-Roll for Spina Bifida

Audience is individuals and families impacted by Spina Bifida, friends, and professional providers in the community.

- Over 500 live participants between the events
- Over 700 donors receive thank you letters
- Vendor Cards: each attendee receives a vendor card with your logo on it. If they visit each table, they are entered into a raffle to receive a prize.

## Dare to Dream Gala

Audience is individuals and families impacted by Spina Bifida, elected officials, corporate partners, friends, and professional providers in the community.

- Over 200 live participants
- Over 300 donors receive thank you letters
- 100 programs distributed to guests

## State Conference

Audience is individuals and families impacted by Spina Bifida, and providers in the community.

- 100 live participants
- Over 500 individuals receive invitations

## Spina Bifida Clinics

Audience is individuals and families impacted by Spina Bifida, and providers in the community.

- 300 individuals/families

## Outreach metrics

### Email Reach

- 1,000 email contacts

### Social Media Reach

- 1,800 Facebook Followers
- 820 Instagram Followers

### Mailing List Reach

- 750 SBANYS contacts

# Sponsored Blog Post

Cost: \$750

A blog post is a unique marketing opportunity for companies who have relevant educational information to share with the Spina Bifida community. The sponsor drafts the blog and SBANYS edits as necessary. Each blog submission must follow SBANYS standards and guidelines for blog content. SBANYS posts the blog once a month and will share it twice on our Facebook page during the active month. (not exclusive) (Social media post dates determined by SBANYS).

How it works:

- Sponsor drafts blog and two social media posts
- SBANYS makes edits as necessary
- Must follow SBANYS standards for guidelines and blog content
- Impression analytics provided to sponsor after the active month

A sponsored post is when a blog owner, in this case the Spina Bifida Association of New York State (SBANYS), publishes content on behalf of someone else. The someone else is usually a business seeking to get their content, product, or services in front of a group of targeted readers. Sponsored posts are most engaging when the sponsor is already targeting a SBANYS core audience and discusses a topic fundamentally aligned with the SBANYS mission. When this is done well, mention of the sponsor's brand should feel like a natural fit rather than a blatant advertisement. Readers should come away from the sponsored post feeling like they've learned something new from a trusted source.

Guidelines:

- All sponsored posts will mention that they are sponsored posts, in accordance with Fair Trade Commission (FTC) regulations. The post should end with a byline stating, "This blog post was sponsored by (Name)."
- If SBANYS publishes a sponsored blog with a link back to the sponsors website, this is termed as advertising and is subject to FTC regulations.
- SBANYS will determine and deliver the blog post dates and social media post dates for the month.
- Sponsor must submit blog and social media post content no later than one week prior to their blog month.
- SBANYS will allow a maximum 3 "no-follow" links in the post as per Google's guidelines.
- The posts must be of minimum 300 words and SBANYS reserves the right to edit the post to correct grammar, spelling, and formatting.
- The content should be primarily (85% plus) about how the sponsored product or service could benefit the SBANYS audience. The content should not be a blatant advertisement or include large amounts of sponsor specific information. Content submitted that does not meet these thresholds will be returned.
- The sponsored post should include at least one high-resolution relevant picture which you must have the right to use, or it must fall under the creative commons category. The same applies to the videos.
- All sources must be properly cited. Instances where sources must be cited include:
  - Quoting someone else
  - Mentioning statistics that you didn't conclude yourself
  - Using another person's thoughts or ideas that aren't your own
  - Reposting an image that you didn't take or inserting a visual or infographic that you didn't create.
- SBANYS reserves the right to take down the sponsored content and take further action if the product/service violates any copyright or patent

For additional guidelines, tips, types and lengths of blogs, email [Julia.duff@sbanys.org](mailto:Julia.duff@sbanys.org).
